Authorize out of state travel to West Palm Beach, FL for Corrections Mental Health Practitioner, Ashley Mohler, to attend a 5-day intensive Eye Movement Desensitization and Reprocessing (EMDR) training.

BACKGROUND:

EMDR is a trauma-focused therapy that can be done “faster” than other types of therapy. This can be utilized for law enforcement officers after a critical incident to help officers process through the potential trauma effects. It will also be helpful for use with inmates, as most inmates indicate they have experienced some sort of trauma. Due to the shorter nature, it is something that could be completed while in custody.

EMDR is a nationally recognized modality for trauma treatment.

Commissioner District:	District 4 - Burl Ives
Project Name:	Blackberry Township Roads and Park Updates
Amount Requested:	\$75,000
Project Budget & Summary of Project:	Dear Commissioner Ives, Over the last several years, Blackberry Town Board has been working to make improvements to our community town hall and park areas. We have beautiful property that we would like to make more use of for the public, and bring our community together. One of our big projects that we have completed was a walking trail to give community members a safe alternative to walking along the roads. The township board has been working in partnership with CEDA (Community and Economic Development Associates), Sarah Carling to address our needs. Sarah has been and continues to support our future vision of our communities needs. Now that the walking trail has been completed, we are looking to

make other improvements to our community center and recreation areas. To date we have successfully secured \$30,000 to help reduce the cost of the identified immediate and future improvements. These improvements could include: a 9-hole disc golf course, repairing our basketball court, updating some of our park playground equipment, and adding activities for community members to utilize such as cornhole boards and bocce ball courts.

Outside of the park the township is focused on updates and maintenance needs to our township roads. Our roads are being evaluated for needs such as, additional class 5, culverts, and weed control.

We are requesting \$75,000 of the available ARPA funds. These funds will help offset the remaining cost needed to complete immediate needs, including gravel for our township roads and improvements to our community center and park areas. As well as allow for the future visions to mature while using any additional funds that might be available, as a match with future grants requests.

Thank you for your time, consideration and support.

Sincerely,

Blackberry Township Board
